BATHROOM SOLUTION

Creative items are needed to lighten up the bathrooms. innoci follows the ideal of minimalist design and redefine curve lines to make bathrooms comfortable and fashionable.

DESIGN in
BLACK & WHITE
first

A2 AZORE

M037A

We begin every morning from our bathroom and end each day by washing away our fatigue. A bathroom with delicate design provides its owner a relaxing, intimate and peaceful experience.

PLATO

This smooth combination of metal and wood Plato design combines a simple building block look while still having important storage functions. Here at Innoci lifestyle we profusely recommend this bathroom set to be used for leisure hotels or upmarket houses looking for that concise yet simplistic design.

M120K

M120A

Clear. Simple. Precise. This steel and wooden bathroom combination screams out these three words. What else do you need in a bathroom? Well let us tell you! This uniquely designed bathroom set was created not only to look great but with the all important storage feature in mind. If you are looking for something which shouts of sophistication and convenience interfused with a subtle hint of a circle and square pattern then the Pandora design is the design for you.

Large single draw to create large storage space, Seamless one-piece basin, easy to clean and maintain, that provides a healthier lifestyle.

C: NM15503X
B: NC22148W-1
A: NM45801X
605x505x455mm

The integrated vanity top and sink pair up in a minimalistic way introducing extra uniqueness to your bathroom. The one-piece seamless construction eliminates the risk of discoloration of silicon gel used to connect traditional under-mount sinks with counters.

V5

Vanity Gemini

Matte black metal rack form an ideal pair with North American red oak wood grain cabinet, giving extra luxury to your bathroom. Aluminium recessed cabinet door handle is combined with a larger drawer and a shelf-board to meet the need for both dry and wet storage. It can be coordinated with metal feet or a rack bottom to create a complete vanity solution for your bathroom.

M093Y

NP12205K

The combination of the wooden cabinet with basin create an ideal match, with the red wooden finishes evoking a feeling of superior quality. It further showcases the extraordinary flexibility of Innoci design on counter itself. Vanity cabinets and Gemini basins are available in 7 different width. There are two alternative installation: wall-hung and floor-standing.

M080Y-1
1500x560x850mm

User-friendliness is showcased at its based in mega-sized ceramic counter-top basin that come in one easy-to-clean piece.

M079Y-2
1200x450x865mm

The drawers are big which are suitable for storing washing and brushing products. Buffering door hinges ensure space usage and safety. Choosing Moisture-proof materials is the priority; therefore, suitable timber, door hinges and handle, all must be based on the needs for moisture-proof to create an exquisite and beautiful bathroom cupboard.

M094Y
+(NP12205K)
1200x465x540mm

A variety of size selection in raindrop counter-top basins make an ideal harmony with any bathroom space. The elegant simplicity is the best element in the minimalist space.

V12

Vanity Zarte

Wall-hung cabinets and hidden handle design showcase the delicacy of modern home decoration. Solid wood board polished with Australian ash coloured paint adds a sense of luxury and elegance to the whole set. Wall-mounted cabinet, small and compact, occupies very little space which makes it an ideal choice for small apartment bathrooms.

Painting cabinet made of plywood introduce a sense of warmth when paired with suitable tiles and grain floor. Suitable for multiple dimensions.

High-quality wood

With optimal water content ratio, the natural solid wood ensures thickness swelling rate of water absorption lower than 8%, and permanent and durable modeling of the bathroom cabinet.

Solid wood structure

It features superior, even texture and elegant veins (three-peak veins), high hardness, and naturally high resistance to wear.

Water-proof treatment

Three-step waterproof treatment includes thirteen painting procedures, seven times of grinding, four courses of primer and two courses of top coat. Compared with the traditional painting process used for the furniture industry, the completely water-resistant surface is more suitable for damp bathroom environment.

Low formaldehyde content

Formaldehyde detection content of Innoci bathroom cabinet:<1 mg/L
E0 environmental standard of China:formaldehyde content≤5mg/100g
E0 environmental standard of Europe:formaldehyde content≤3mg/100g
E0 environmental standard of the U.S.:formaldehyde content≤4mg/100g

World-class accessories

The hardware accessory of Blum, a world-class brand , can support 200,000 times of cabinet door movement. It features high anti-corrosion and high bearing capacity (130 KG under the silence mode), and allows doors to be opened smoothly without any noise.

Piano baked enamel surface

PU piano baked enamel technology allows furniture surface to maintain glossy and smooth, with luminance 2.8 times higher than ordinary baked surface. It is high-density, highly waterproof, artistic and easy to clean.

Large storage space

The ultra-large cabinet with partitioned storage function makes it easy for you to store various commodities and create a clean and orderly bathroom.

The upgrade meticulous close

Upgrade furnished with small units, equipped with pure wood separated parts, according to the objects in "one word", "cross" drag, meet all kinds of small items neat storage, say goodbye to the filthy.

Design for bathroom mostly originates from the respects of nature. It is not only about the sense of beauty, but also a warmth and temperature of mother earth. The branch-structure vanity with long and smooth square basin equips with large space for daily sanitary toities and sanitary products.

Product Advantages—Toilets

(4.5
3)

Water saving

3/4.5L double-level water conservation design is lower than the national water conservation criterion of 6L.

World-class fittings

■ GEBERIT

Everyfittings has passed over 200,000 times of durability tests, equivalent to a service life of over 50 years for an ordinary household (estimated by 10 times per day). Its noise level is lower than 20 db, meeting the European standard.

Low water absorption

Water absorption target of sanitary ceramics :
European standard: ≤ 0.5%
Innoci brand standard: ≤ 0.2 - 0.3%

Large-diameter pipe for quick blowdown

Large-diameter (50 mm) design ensures free and rapid passage of dirt to avoid blockage.

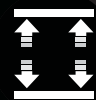

Powerful flushing

Powerful flushing high-level cistern is equipped with a 3-in. drainage valve, which increases instantaneous water discharge to 2.25 times the volume of a conventional 2-in. drainage valve.

Ultrathin urea formaldehyde seat cover

Ultrathin urea formaldehyde seat cover: It features ceramic texture, and is durable and crush resistant. It falls down silently upon a slight touch by finger, with high efficiency in sound reduction.

Quick-removing seat cover

The seat cover is equipped with metal hinge which enables it be removed in simply one second. It features keyless assembly and disassembly, durability and easiness to be removed for surface cleaning.

Water flow distribution for dual flush

With 30% for flushing and 70% for ejection, this technology accelerates siphonage and strengthens impulsive force.

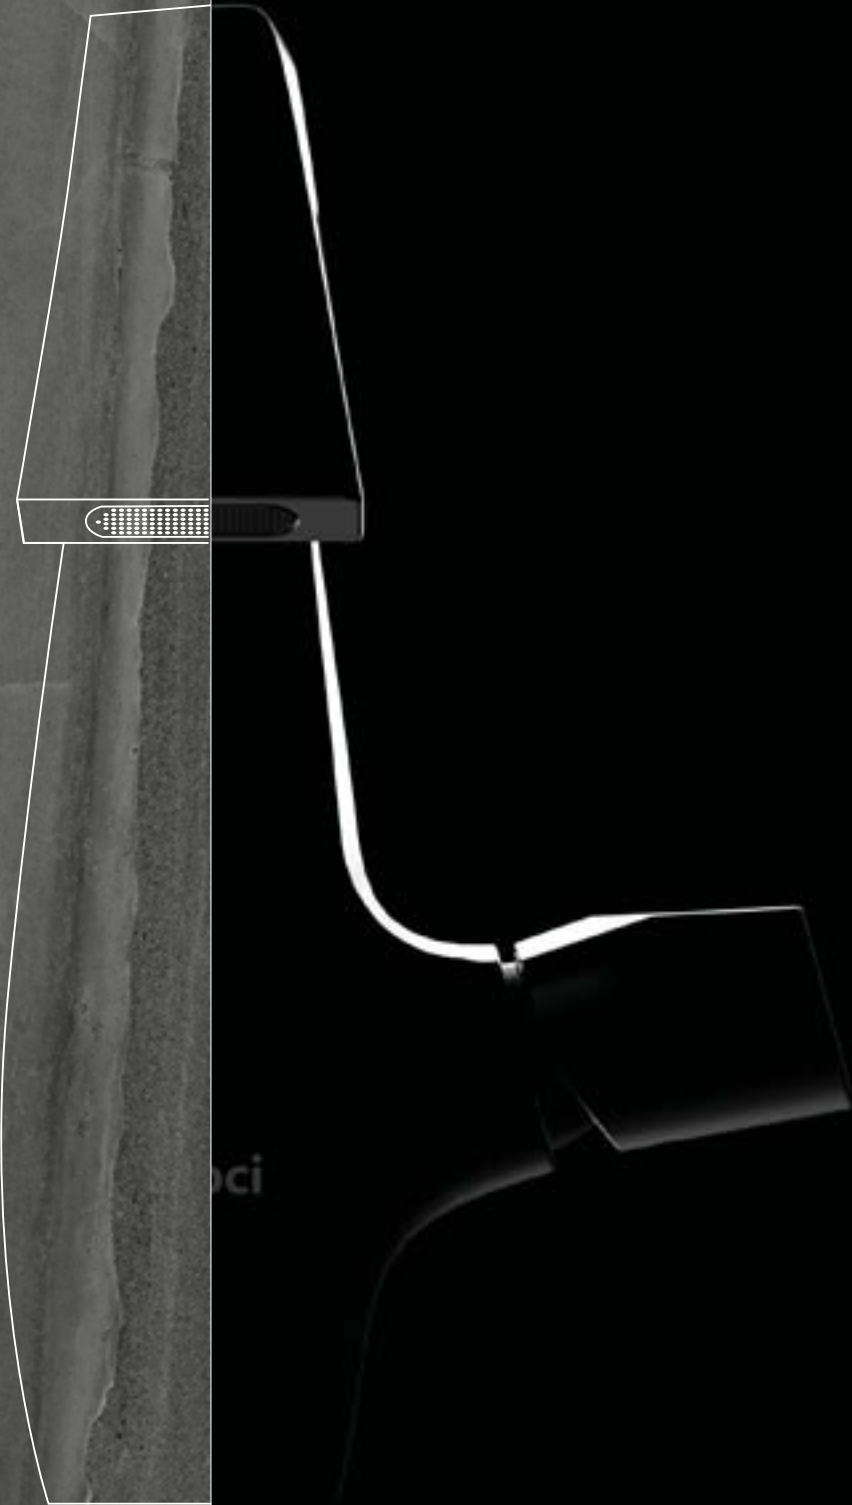

EASY
CLEAN

Easy-to-clean glazed surface

Produced under high temperature (1,250°C) of baking, the 1.1 mm thick easy-to-clean glazed surface covers tiny pores in three layers.
1.Less pinholes and cracks in priming glaze
2.Anti-dirt surface and high efficiency in bacteria inhibition
3.Beautiful, clean and glossy appearance

5.0.7m connecting hose(PVC Silver)

Rain Shower

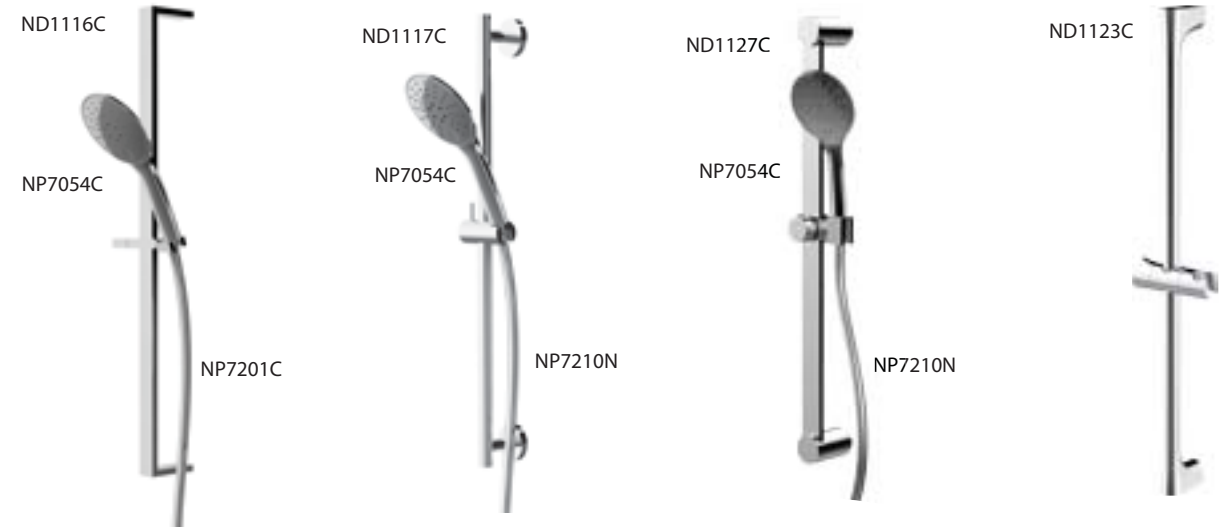

A multifunction rain shower set includes one rain shower head (10" to 16") and a big handheld shower. It's external connection structure helps save on construction time. Furthermore, the clever combination of the tap and external shower head mimic the enjoyable feeling of a rain shower on a summer day.

The diagram illustrates the components of a Rain Shower system. It includes a large circular rain shower head at the top, a handheld shower head on the right, and a concealed valve & trim on the left. The valve is connected to a wall-mount bath spout at the bottom. The system is labeled with 'Hot Inlet Heißwasser Zulauf' (red) and 'Cold Inlet Kaltwasser Zulauf' (blue). The text 'In-Wall controlling' is present, along with a note: 'Valve made of DZR corrosion resisting copper, ensuring that the water tap is durable.'

Sliding Bar (not included shower/hoser)

Shower Brackets/ Elbows (No hose)

Multi-color surface

At Innoci, besides surface treatment with chrome color, there are also other options such as gold, black, etc.

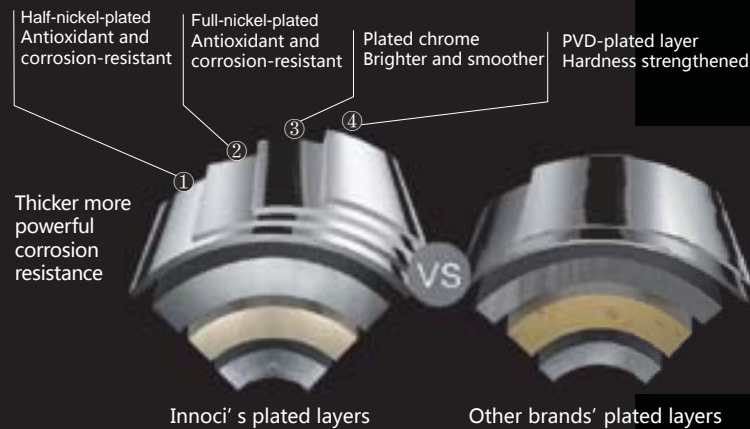

Chrome Gold Black

Mirror-sided Plating Technology

Nickel-chromium surface plating technology ($\text{Ni} \geq 8\mu\text{m}$, $\text{Cr} \geq 0.25\mu\text{m}$) enables coated metal piece to effortlessly pass the 200 hour salt spray test and maintain its sheen even in humid bathrooms.

Innoci's plated layers

Other brands' plated layers

Water Saving Technology

Neoperl (Swiss) concealed bubbler, equipped with 6 layers of special honeycomb strains to filter dirt from water, ensures fine and smooth water supply and reduced splashing, capable of supplying water at a rate of 4-5 L/min. It is water conserving, environmentally friendly and easy to clean and maintain.

Lead-free Brass

Faucet for the system is made of lead-free copper of German standards. With content of precipitated lead lower than $5 \mu\text{g/L}$ and no lead detected in water, it complies with the strictest European and American standards and keeps water supply healthy.

World-class accessories

KEROX (Hungary) precision ceramic valve element;
Fluhs (Germany) precision copper valve element;
It has a service life of more than 500,000 times, i.e. over 20 years for a normal household (50 times per day).

Coin Slot Aerator

Innoci uses Swiss Neoperl hidden coin slot aerator, there is no need to use special spanner, just need a coin to open it easily, which is easy to clean and easy to repair.

Ellipse

The geometric styling of the free-standing bathtub turns an ordinary bathing experience into a pleasure. Its metal feet can be coordinated in various combinations to make the installation a easy thing to do.

Ellipse3

Even in the smallest of living spaces, it's vital to leave a little room to spread out and unwind. The Angle Bathtub hugs the wall, saving space but not skimping on fashion. The inside of the tub is perfectly curved according to the human form, supporting the back and allowing you to relieve stress, say farewell to fatigue and let relaxation soak all the way into your bones, bringing enjoyment into everyday.

Circle2

One's bathroom design reveals his life's taste, our goal is to help our end users to enjoy their lives through bathroom product innovation and our professional project design. Innoci is a brand that represents dreams and possibilities for life, not just for your visual enjoyment and comfort, but creating different life styles.

Classic Solid Surface

The mixture of straight lines and arcs, the integration of molding technology in the use of artificial stone and resin materials, and the honed smooth surfaces all make a bathtub seem like a beautiful sculpture. Besides the softness of its appearance, it is popular in all age groups. It eliminates sharp corners and promotes a laid-back style which introduces a huge visual enjoyment.

Spa-like experience

Water flow from different directions through nozzles of various designs gives you a massage to relax your entire body.

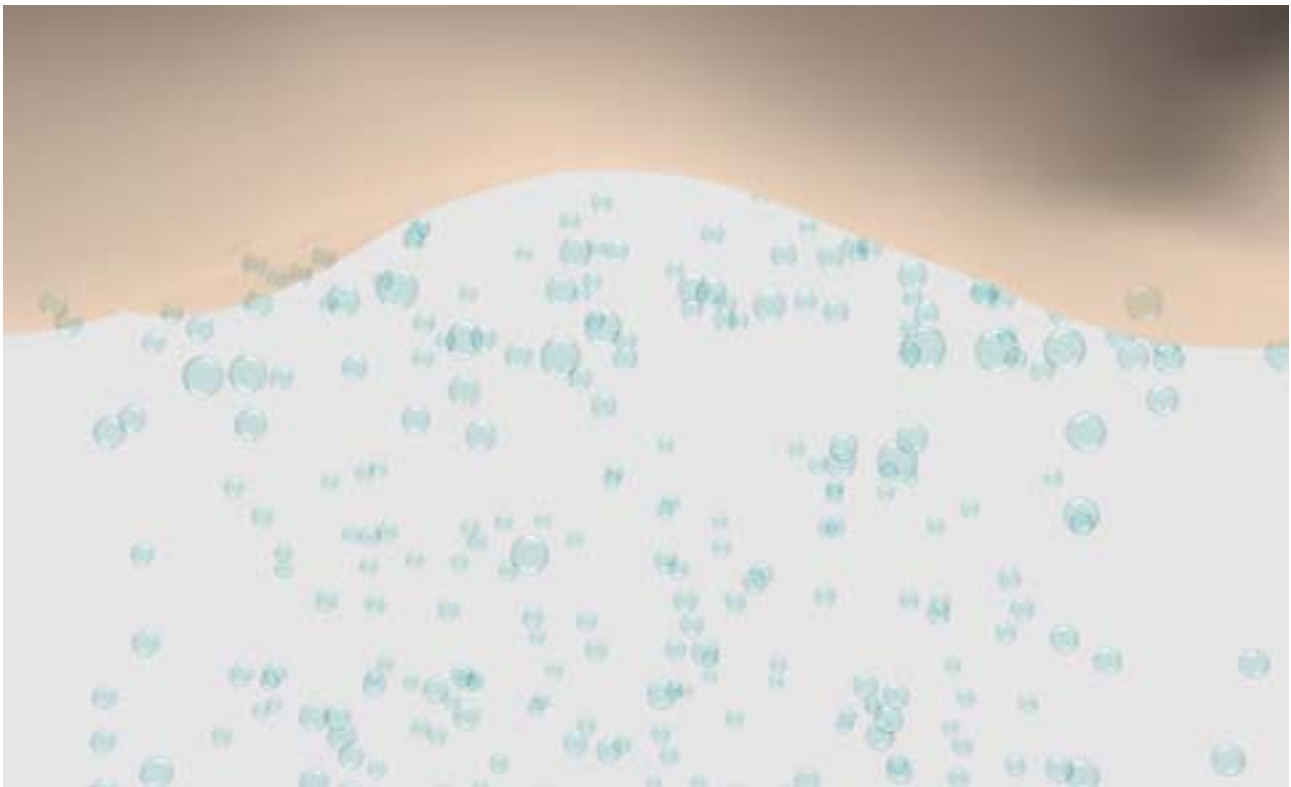

Multiple functions and sizes

Multiple functions and sizes make you comfortably to enjoy the precious intimacy time.

Aviation-grade wear-resistant plates

Acrylic bathtubs are made of aviation-grade Acrylic plates manufactured by Dupont (the U.S.), LG (South Korea) and Sumitomo (Japan). The plates are 3 mm thick, white and smooth, and resistant to extremely low and high temperatures, and can reduce energy consumption.

Ergonomic design

The optimal lying-position design (105°) ensures the inclination of inner wall of the tub to perfectly match the human back shape.

Matte color

Acrylic special surface treatment, Matte panel, like the characteristics of stone cylinder , so easy to clean, can be polishing decontamination.

High-quality and environment friendly stones

Environment friendly stone bathtubs are made of high-quality environment friendly stones, simple and elegant. Its unique process prevents tubs from yellowing or discoloring after long-time use.

Have a special moment here and allow yourself to be energized and looked sharp every single day.

High quality mirror surfaces are made from high density mercury, which is perfectly inlaid into the glass.
